

General Board ESN Groningen

The General Board is the supervisory organ of the organisation. It serves as a source of knowledge and experience for the Executive Board. The main task is to form, supervise and focus on the implementation of the long-term vision of ESN. Other tasks include checking and approving the policy plan, the budget, the annual and half-year reports as reported by the Executive Board. During the ESN Introduction Weeks, the General Board will also support the Executive Board where needed. Furthermore, the members of the General Board are involved in different working groups together with the Executive Board.
